Business India
Dec. 2016

By Times Group
Out of 1500 B-Schools

Chairman Pens Message...

Dear students, we subscribe to our Vision and Mission statement with dedication. We have charted our course to continue to excel in all fields of thought, action and deeds. Dr IT Group has never swerved from focus on continuous growth, development and education of its students academically, professionally and as free and fearless individuals, capable of acting with rationalism independently. The remarkable achievement of the Group is that it is placed within top 150 Business Schools out of 1500 business schools in India by 'Times Group' and 'A' category business school status by Business India. It was possible not only through our students' excellent academic performance but also with the hard work done by our faculty members to develop the students, placing strong emphasis on imbibing the moral and ethical values and continuous effort to develop their personality.

I most warmly welcome new students to our Colleges where the education system will not only teach the acquisition of the facts but also teach how to make facts live and conducive to professional development. The aim of Dr IT Group is to develop a student into a globally adaptable professional with social sensitivity. Today's managers need applied knowledge and multifaceted but relevant skills to navigate their organizations through an ever-changing and continuously uncertain environment. We can comfort not only with knowledge increment but also in spiritual, social and personal development of our students. There is growing awareness of increasing opportunities on the part of corporate bodies which have been expanding into many new territories, and becoming global (multi-national). There are also competitive threats to them in the present-day environment. The companies are, therefore, looking for management and IT graduates rather professionals with their fresh insights and innovative skills who could develop strategies for sustainable growth without disturbing eco-systems. Dr IT Group is determined to contribute to this challenging situation by providing cutting edge knowledge, business acumen and positive attitude to its students.

I convey my heartiest greetings to the students opting to be part of IT Group, and I do feel confident that they will collaborate with us to direct their energies to the noble cause of nation-building. Remember that 'Start up India' needs youth with skills, nationalism, real enthusiasm and entrepreneurship.

Inviting prospective students to join our Initiatives, and wishing them God-speed in their efforts during their stay at Dr IT Group of Colleges.

Man Mohan Kamal Mahajan
(Chairman)

Man Mohan Kamal

From Chief Executive Officer's Desk

Dear prospective students, I cherish the fond memories of my whole-time occupation with teaching in the initial years of Dr IT Group of Colleges. It was pleasure seeing the progress of the students. I instantly responded to their suggestions, which, of course, luckily for me, and surprisingly for others on the management side to see, were reasonable and related to improvement of or complementary to infrastructure-development. To-day, I take pride that we have all the necessary labs with full complement of lab-equipments and workshop machinery/equipment and required tools, instruments and accessories. It is no mean an initiative when stories pour in that many institutes do not equip their labs adequately and thereby their students suffer in the context of practical application of their knowledge to hone skills for excellent performance during their professional career.

The Government has launched campaigns and is busy formulating policies, programmes and projects to make India skilled and digital, with entrepreneurship capable to do real work. The government has of late been placing emphasis on 'entrepreneurship development'. We, on our part, have been bringing about attitudinal change in our students to become 'job creators, not job seekers'. We make them aware of the government policy and incentives for starting their own ventures. To reinforce our initiatives, we collaborate with agencies like North India Technical Consultancy Organization (NITCON) which not only sponsors candidates for skill development programmes but also speak to our students to take to entrepreneurship. With continued efforts and after a few years, we hope that our students will adopt the path of undertaking their own enterprises and produce their inspiring success stories. There are umpteen number of opportunities in our rural sector for processing industries as in other sectors like services.

Through a special subject, the content of which supports humanism as universal reality, Human Values and Professional Ethics, introduced as compulsory subject by the University for its courses of study, is a great innovative initiative in the direction of improving the rational and critical thinking and doing all activities in the interest of peaceful relations and harmony, even with nature and rest of establishment, apart from harmony in family and society. Small groups function in colleges to create awareness about environmental issues and to take care of bio-diversity and reduce pollution and other harmful effects of mass production.

I extend warm welcome to the new students to come, stay for their chosen courses, and feel the difference of quality with satisfaction. We have dynamic Managing Director at the helm who is assisted ably by the Principals and faculty-teams. We have in place also facilities like sports, yoga, gymnasium, enviable ambiance including modern infrastructure, mentioned with some detail elsewhere in this brochure.

Seeing is believing! Come, join us; together, we shall make India proud!

Deepti Mahajan Batra
Chief Executive Officer (CEO)

Campus Ambience & Environment

Dr IT Group has become as the choicest educational destination in the region dedicated to impart professional skills and academic knowledge, apart from creating well rounded holistic personality at the undergraduate and postgraduate levels in the fields of Management, Engineering and Information Technology.

The Colleges have a lofty Mission: To groom (develop) students to be dedicated, sophisticated and innovative professionals by imparting world-class education in the emerging economic and technology fields alongside inculcating universal human values and professional ethics.

Dr IT Group of Colleges are approved by the All India Council for Technical Education (AICTE) and affiliated to IK Gujral Technical University (IKGPTU), Jalandhar.

Dr IT Group of Colleges of Polytechnic is approved by AICTE and affiliated to Punjab State Board of Technical Education and Industrial Training (PSBTE & IT), Chandigarh.

Started in 2007, Dr IT Group has created a pride of place as “Among the Top 150 Business Schools in the country from the pool of 1500 business schools” rated by Times Group. Business India has classified the institute as ‘A’ category Business School in 2016.

Market-driven Skill-based Post-graduate Programmes

Master of Business Administration (MBA)

It is a full time, two- Years Programme approved by AICTE, New Delhi, Govt. of Punjab and affiliated to IKG Punjab Technical University Jalandhar. In addition to skill development, this course inculcates in students the nuances of management areas in real-world situations through articulated curriculum to shape them into proficient Managers with capabilities of making right decisions. We offer specialisations in Marketing, Finance & HR.

Eligibility Criteria for Admission

Passing of Bachelor Degree of minimum 3 years with at least 50% marks (45% marks in case of reserved category) in the qualifying examination from the University recognised by the UGC.

Master of Computer Applications (MCA)

It is 2-year full-time (4 semesters) masters programme in computer application approved by AICTE, New Delhi and Govt. of Punjab, and affiliated to IKGPTU Jalandhar. The course covers various aspects of computational theories, programming, algorithm design and optimization network and database management as well as mobile technologies, applicable mathematics, probability, statistics, accounting and finance, etc.

Eligibility Criteria for Admission

Passing of any Graduation degree (e.g. BE / B.Tech./ B.Sc. / B.Com / B.A. / B.Voc. / BCA etc) with at least 50% marks (45% in case of reserved category) preferably with Mathematics at 10+2 level or at Graduation level from the University recognized by the UGC.

For management quota seats, online registration form is available on our website www.dritimt.in

Market-driven Skill-based Under-graduate Programmes

Bachelor of Computer Application (BCA)

This course covers design and development, and learning use of computer applications. The application implies amalgamation of operating system [which runs a computer], a utility [which performs maintenance or general purposes function], and a programming language. At conclusion of BCA course, the graduates are able to design and prepare documents, projects, presentations and designs of websites and additionally, they demonstrate skills in running software programmes.

Eligibility for Admission: Passing of 10+2 or its equivalent examination in any stream conducted by a recognized Board / University / Council.

Bachelor of Computer Applications (Lateral Entry) 2 Years / 4 Semesters:

Passing of 3 Years / 2 Years (Lateral Entry) Diploma examination in a Programme with at least 45% marks in case of reserved category) in appropriate programme from any other recognized State Board of Technical Education, or sant Longowal Institute of Engineering & Technology, Longowal.

Bachelor of Business Administration (BBA)

The course content is geared to preparing capable managers and successful entrepreneurs, the need of 'Start-up India'. The course content empowers students intellectually so that, on employment, they ensure quality. The student-turned entrepreneurs could fearlessly face the challenges of emerging management world with complex systems and procedures driven by digital technology.

Eligibility for Admission: Passing of 10+2 or its equivalent examination in any stream conducted by a recognized Board / University / Council.

Bachelor of Commerce (Honours)

It is one of the most sought after courses that is rewarding, and promising quick employment for young aspirants interested in pursuing career in finance and accounts. There are myriads of career opportunities in India. Skilled professionals in this field continue to fill the gap between demand and supply.

Eligibility for Admission: Having passed at least 10+2 examination of Punjab School Education Board or any other examination recognized as equivalent thereto with at least: 33% marks in the aggregate in case of commerce students who have passed 10+2 examination.

OR

40% for the students who have opted for two of the following commerce subjects in 10+2: (a) Accountancy (b) Business Studies (c) Economics (d) Mathematics (e) Office Management and Secretarial Practice (f) Principal and Practice of Insurance (g) Tax Procedure and Practice.

Foreign Students

NCC

Market-driven Skill-based Under-graduate Programmes

Bachelor of Science (Medical Lab Sciences) 3 Years / 6 Semesters:

Eligibility for Admission: Passing of 10+2 examination with Physics & Chemistry as compulsory subjects and either Mathematics or Biology as one of the subjects from recognized Board / University / Council.

OR

10+2 with vocational course in Medical Laboratory Science / Medical Laboratory Technology.

Bachelor of Science (Medical Lab Sciences) (Lateral Entry) 2 Years / 4 Semesters:

Eligibility for Admission: Passing of Diploma in Medical Laboratory Technology (after 10+2) examination with Physics & Chemistry as compulsory subjects from recognized Board / University Council.

OR

Medical Laboratory Science or Pharmacy from recognized Punjab State Board of Technical Education & Industrial Training, Chandigarh or Other recognized Board.

OR

Two Year Diploma in Laboratory Assistant / Medical laboratory Technology from J & K Para Medical & Nursing Council or such Examination from any other recognized State Board of Technical Education with at least 50% Marks in aggregate (45% marks in case of candidate belonging to Reserved Category) after 12th in Science Stream.

Bachelor of Science (Radiology & Imaging Technology) (Lateral Entry) 3 Years / 6 Semesters (including 1 year or 2 Semesters of Internship):

Eligibility for Admission: Passing of Diploma in Radiology & Imaging Technology or Pharmacy from recognized Punjab State Board of Technical & Industrial Training Chandigarh or any recognized board with at least 50% Marks in aggregate (45% marks in case of candidate belonging to Reserved Category).

College of Polytechnic offering Diploma Streams

Dr IT College of Polytechnic

Dr IT College of Polytechnic provides a bouquet of student-centric activities to meet the changing needs of business, industry and community. Along with core academics, this college is devoted to developing generic skills among students and fosters sustainable partnership with industry as truly an academic-industry symbiotic relationship. All the courses are recognized by AICTE, Govt. of India (New Delhi) and Govt. of Punjab. The college is affiliated to Punjab State Board of Technical Education and Industrial Training, Chandigarh.

The passed out students have been placed in good factories and trading houses with good pay-packages. The Govt. of India with 'Skill India' and 'Start up India' modes aims to capture higher market share in world trade and provide self-employment to boost the economy.

Diploma in Mechanical Engineering (ME)

It is the most sought after course by the students and also as parents' choice over other engineering streams. It takes in its ambit the design, manufacture, installation and operation of engines and machines in the manufacturing processes of an industrial structure. The Mechanical department of the college creates conducive environment for academics as well as for the development of overall personality of students by inculcating in them healthy habits, ethical values and spirit of co-operation and made to realize value of synergy. The course

develops practical and theoretical knowledge of different aspects of mechanical engineering as far as it relates to other departments like Electrical, Electronics and Computer Engineering.

Diploma in Electrical Engineering (EE)

Electrical Engineering has also gained popularity among the students. This college provides not only best academic environment for studies but has also excellent practical training facilities in well-equipped lab. The department has the latest Electrical Machines in Electrical Projects Shop and Electrical Workshop with the facilities to carry out various works and innovative/developmental activities. The department has the expertise for designing of electrical installation of residential/commercial buildings.

Diploma in Computer Engineering

With integration process going on in domestic economy, and with the globalization process being a long drawn affair, vast opportunities of growth have been thrown open for the computer software and hardware industry. Software being one of the largest growing sectors of the Indian economy, the department of Computer Engineering at the College of Polytechnic has been imparting the best training to students. Industry icons and/or business executives are periodically invited for talks and presentations. Emphasis is placed on 'hands on' training and overall development of the individual personality. The course curriculum is comprehensive and focuses mainly on the identified thrust areas.

Admission Eligibility Criteria:

Student should have passed 10th standard / SSC examination.

Lateral Entry to Diploma Engineering & Technology:

a) Candidates who have passed 10+2 Examination with Physics / Mathematics / Chemistry / Computer Science / Electronics / Information Technology.

OR

b) 10th along with 2 years ITI; shall be eligible for admission to Second Year Diploma Courses in any branch of Engineering and Technology.

OR

c) 3 Years AICTE approved Diploma in Engineering of any other branch from any recognized Board.

Scholarship Available

Prati Spardha 2025

Inter-School and Inter-College Annual fests are organized by Dr IT Group of Colleges to provide an opportunity and a platform to the students to help them showcase their budding talents in different fields.

The events range from Academic Competitions like Management strategy building sessions, case study solving, Business Quiz to Cultural Competitions like dance, fashion shows, skits and drama, etc. Winners are awarded trophies and participation certificates.

The activities that are selected for such events go a long way in shaping the mind-set of the participants and support their 360° personality development, that explains the holistic, development and thereby multi-farious and diverse talents are brought to the fore and the students are helped to emerge as capable leaders, effective managers and skilled and proficient executives - the need of the present globalizing era.

Sports Day 2025

Hosting a sports day has become a tradition that is religiously followed at the Dr IT Campus. Students thereby feel and believe in the importance of being disciplined, fit, smart and healthy.

Events include indoor games such as chess, carom, table tennis to different athletics like long jump, shot-put, races and other outdoor games like badminton, volley ball, cricket, etc.

View of Sports Activities

Placement Cell

It is a place where ancient 'Gurukul' traditions permeate the atmosphere. Each faculty member is Institutional Guardian (IG) and provides counselling and guidance. We have 'Lakshaya' of launching our passing out students into the 'Real World' by assisting them to bag suitable placements in blue-chip companies. The Cell performs this add-on responsibility and acts as an inter-face between the institutes and industry. The Placement Cell has ensured that the aspirations of our future managers meet with the expectations of the corporate sector for best performance. We feel pride in stating that many of our students were placed in high-profile positions in good companies at lucrative package up to Rs. 6.00 Lakh.

Performance of Placement Cell

Lakshaya, the placement cell, as it is christened, conducts regular classroom training programmes on relevant topics for improvement of the students' general knowledge. Other inputs provided include communication skills, positive attitude formation and effective/impressive interactive skills, especially to face interviews with confidence.

The Cell arranges Campus Interviews for the direct recruitment of the final-year students. The Cell supports, encourages and guides the final year students to participate even in the off-Campus interviews. The Cell also organizes work-shops on both on-line and off-line Aptitude tests, Group Discussions, interview techniques (holding Mock Interviews) enabling students to practice and master the same. The Cell has successfully got placed nearly 100% students on merit.

Should students like to make any query, they are free to contract Mr. Balbir Singh, Mobile No.: 9625181570 or Ms. Satinder Kaur, Mobile No.: 9914470931 or send Email: dritplacement@drit.in

Inspiring Achievements

'Times Group' in collaboration with 'The Nelsen Company' has rated Dr IT Business School as one of the top ranking Business Schools that conducted its Annual 'Times B-School 2014 Survey' to determine the top B-Schools in India.

Dr IT Business School is within the first 150 management institutes in this Survey. Comprehensive list of proximately 1,500 B Schools was short-listed for the purpose. Using factual scores, a list of top 250 B-Schools was finalized at the first stage out of 1500 for the next perceptual round, which was conducted with four stakeholders as parameters for assessment - Faculty, Students, Recruiters and Young professionals.

A Leaf from Visitor's Book

An Excellent College with good infrastructure, ethics, value system and excellent faculty. I wish the College all the success.

-Dr S K Salwan, Former V C PTU, Jalandhar

It was indeed a pleasure to be at the Dr IT Group of Colleges seminar once again. An important and fully relevant subject, it was.

-Pawan Kumar Bansal, former Minister of State for Finance, Govt. of India

बहुत ही महत्वपूर्ण विषय पर बहुत ही उपयोगी चर्चा। बहुत ही विद्वान लोगों की भागीदारी इसे और भी अधिक सार्थक बनाती है। भगवान इसे सफलता दे।
सत्यपाल जैन पूर्व सांसद, चण्डीगढ़

आज के जीवन के लिए सबसे महत्वपूर्ण विषय पर सेमीनार आयोजित करने के लिए बहुत बहुत बधाई।
रजनीश अरोड़ा उप कुलपति पी टी यू

This is an excellent initiative that promises to be great Colleges. It will attract students from all over the region and I wish all the students and organizers the brightest future.

- Dr. Arun P Sinha, Professor of Strategy of International Business, IIT, Kanpur

Dr IT Business School has taken great initiative to bring forward the future leaders. Events like SPARDHA are a great initiative to get standard and explore the management students. All the best.

-Balneet Birah, Manager, HR, Quark Media House India (P) Limited

Hard Working committed group.

-Prof. Satish Kapoor, UBS, PU, Chandigarh

It was a pleasure to deliver a talk on Inclusive Growth and interact with students and professors. Kindly keep it up with the good activities you are already undertaking.

-RK Gupta, General Manager, PNB, Chandigarh

Nice to interact with the management and know their vision.

-Prof. R K Singla, Computer Science, PU, Chandigarh

I am impressed with the infrastructure & talent in the students under the guidance of able and committed faculty They will do well. There is dynamism and discipline.

-Prof. Promila Vasudev, Psychology Department, PU, Chandigarh

It is great pleasure to visit the upcoming College, which I am sure will encourage young persons to the big challenge of life and serve humanity.

-Prof. Jagmohan Singh, (Nephew of Saheed Bhagat Singh)

It is a great privilege to be in Dr. IT Business School in Spardha Tech Festival. The School is complimented to have initiated such useful programme.

-Dr. V K Arora, Former Dean Academic PTU, Jalandhar

The session was interactive, students come up with practical problems and solutions were discussed. I had lovely time interacting with young brains. Wish you all the very best in your lives and careers. Good Luck!

-Geeta Gulati, Advocate, Punjab & High Court, Chandigarh, Panchkula

It has been a great experience to see trainers of the Corporate world to display rare sensitivity towards business concerns.

-Prof. A C Julka, Dept. of Economics, PU, Chandigarh

It has been a pleasure to visit Dr IT Group of Colleges and see it growing with rocket speed. May Almighty bless the group to fulfill its vision & Mission.

-Prof. Nishtha Jaswal, Dean, Student Welfare (Women), PU, Chandigarh

A laudable endeavour to answer the current question which is the need of the hour. My compliments to the organizers.

-Justice JS Narang, Director General, State Judicial Academy, Chandigarh

Dr IT group of Colleges is the prominent seat of learning in north India. I wish the group good speed and good luck in the coming years.

Late Smt. Kaushalya Devi

Late Shri Bodh Raj

ALUMNI SPEAK

The disciplined working taught by Dr IT has helped me to achieve my professional goals.
 Whatever we learnt in the classes, has laid down the milestones of successful working in corporate.
 Dr IT has changed my attitude as thorough professional.
 Faculty has helped to manage my anger and rustic behaviour, I must appreciate Arya sir's patient counselling which has made me an humble human being.
 The faculty has inspired me to inculcate values and professionalism.
 I still miss my Alma Mater from the core of my heart where I have learnt so much about core curriculum.
 Dr IT Group helped me in my journey from a small city like Ambala to Gurgaon.
 Teaching environment has given me memorable learning experience in my two years of life at Dr IT Group.
 Dr IT Group groomed me to attain excellence in my academics.
 Having been at Dr IT Group, I have learnt how to lead disciplined life.
 Co-curricular activities, frequently held during my two years in campus, gave me direction to work in team.
